

Swedish County Administration Boards' (Länsstyrelsen) mission

David Helsing, Marika Bystedt Gaulitz 2019-09-30

Who are we?

- 21 counties in Sweden
- "The County Administrative Board is responsible for ensuring that decisions from parliament and the Government are implemented in the county and we coordinate government activities."
- "The commission of the County Administrative Board is to work for development where the environment, economic growth and good living conditions go hand-in-hand."

Region/Länsstyrelsen

- The Region → Health care, transport, development work of the region
- Länsstyrelsen → Expertise, more specific areas (energy/climate, food production)

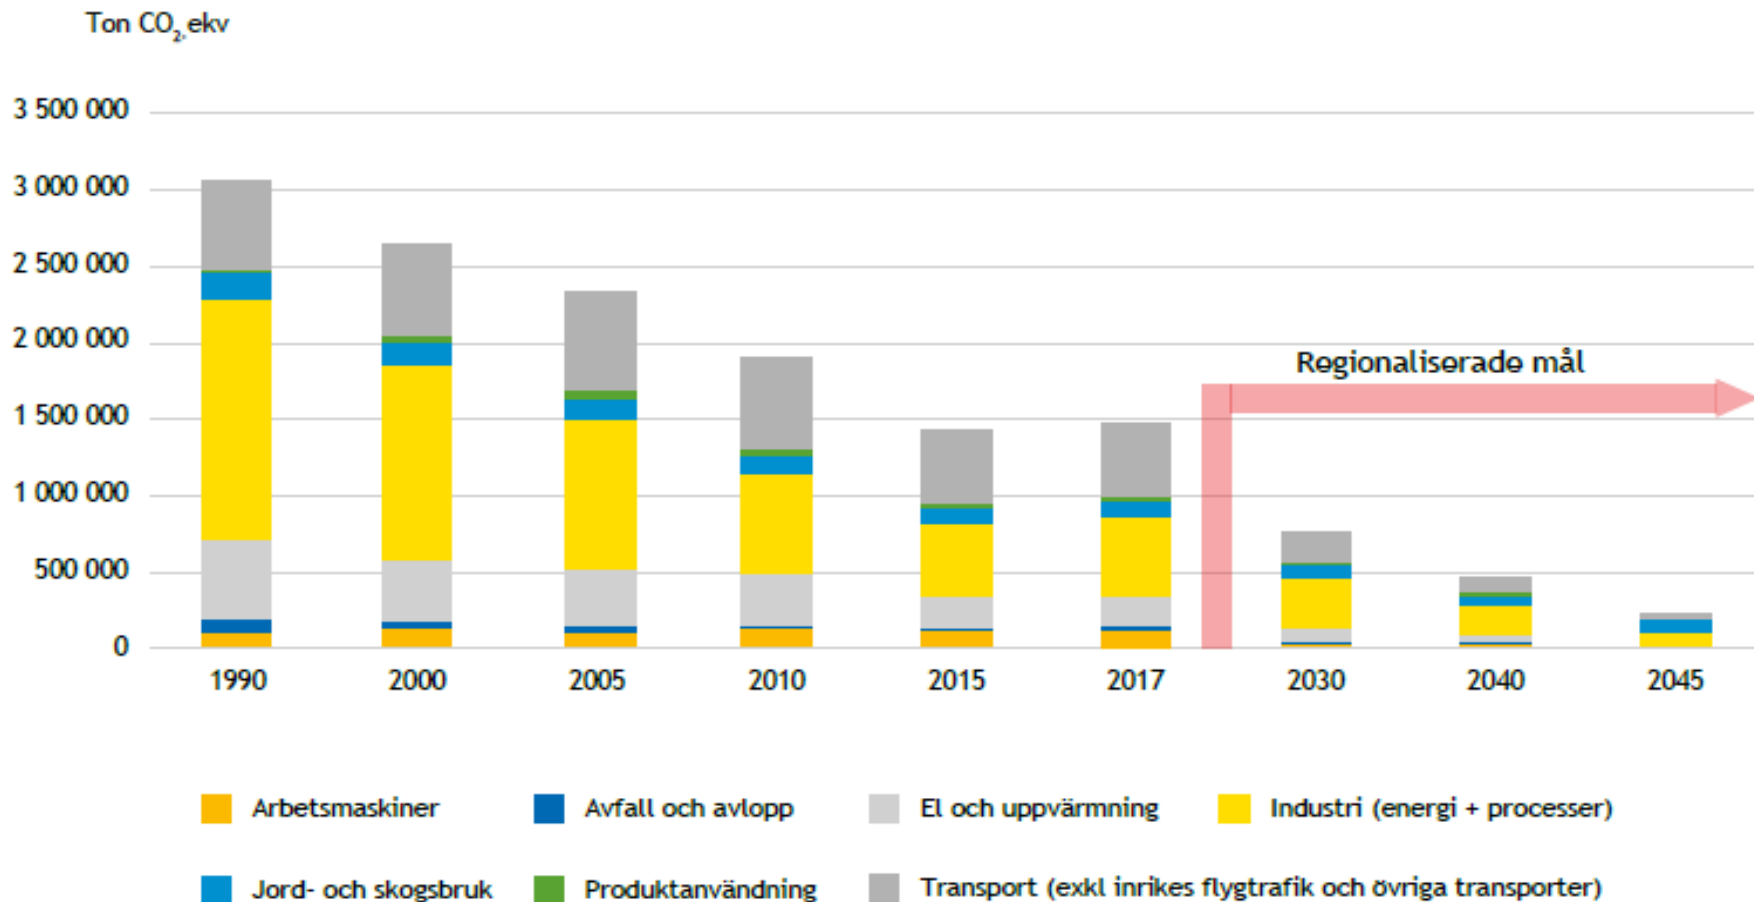

Arenas for cooperation

- MEK (Environment, Energy, Climate) 3-4 times/year
- Meetings Agenda 2030, for exchange of experience

Emissions in Västernorrland

New energy and climate strategy: 2020-2030

Sustainable consumption project

Cooperation with Lund university

- 4 students → possibilities of creating circular economy models
